

GREEN MACHINE

GREEN WITH ENVY

**OLYMPIC
KINGSWAY**

PRESIDENT'S ADDRESS

The Olympic Kingsway Sports Club (OKSC) has been known as the Green Machine since the early 1970's. It was during this time that we laid our footprint here at Kingsway Reserve in Madeley and became pioneers of the northern suburbs.

Our new home was built through the incredible generosity of our members and their families - the fabric that has always united our club.

Ask anyone who has visited OKSC over the decades as to what has defined our club and I guarantee you that the response will be - 'the people'.

People are the key ingredient of all clubs, and OKSC's history has been built on humble, loving, generous people.

While Soccer (football) has always been the main core of our activities, OKSC is a multi-functional sports club which also hosts three (3) bingo sessions per week, has seven (7) dart teams, a partnership with the Olympic Titans netball club and hosts the only weekly community markets in the City of Wanneroo – Kingsway Community Markets

In 2022, the Green Machine will have one over-arching focus and goal **to win the State League 1 Championship and gain direct promotion to the National Premier League.**

Our club is ready to return #BacktotheTop of Western Australian Soccer (football) with a facility which will be amongst one of the State's best. Later this year, our three main pitches will be the beneficiaries of a significant lightning upgrade facilitated by funding of \$2.67 million from the WA Labour Government.

By partnering with the Green Machine, you will be partnering a club who value family, diversity and community.

A handwritten signature in black ink, appearing to read 'Steve Nelkovski'. The signature is stylized and fluid, written on a white background.

Steve Nelkovski
President
